FERODO®

YOU'RE IN CONTROL

www.rolman.com

Ferodo was established in 1897 and introduced its first brake lining in 1902. It is part of the Federal-Mogul Motorparts division, and is one of the global leaders in advance brake products – brake pads and brake discs. A premium braking brand and one of the **global leaders in both Original Equipment and aftermarket products**, suppling light to commerical vehicles, and racing cars.

Ferodo has been the markets leading technical innovator for over 100 years – a trusted name in braking, Ferodo provide **safe, effective braking to 98% of vehicles in the European market**. Providing premium quality brake parts to the world's leading vehicle manufacturers and the aftermarket, Ferodo is **fitted as OE parts in 8 / 10 top selling vehicles in Europe**.

Ferodo products achieve optimum friction thanks to their advanced metallurgy and design. Performing over and over again, they are proven to minimise brake stopping distance, reduce wear and drastically cut the risk of brake failure and accidents.

FERODO – YOU'RE IN CONTROL

Brake Discs

- o Consistent braking and durability
- o High vibration damping
- o Outstanding heat dissipation
- o Quality assured
- o Easy installation
- o Non-directional surface finish

Brake Pads

- o Green materials for a greener product & a significant reduction of fine particles emissions
- o Noise suppression
- o Increased safety
- o Best-in-class performance results

Brake Drum

- o Pre-machined and balanced to save installers valuable time
- o High quality cast materials and state-of-the art machining

Brake Shoes & Maxi Kits

- o Superior Performance
- o Short Stopping Distances
- o High Durability
- o Low Noise

Brake Fluid

Tailored solutions to suit every vehicle type and application, resistant in extreme temperatures.

Ferodo Parts are:

- o OE Approved
- o Safe
- o Long Lasting
- o Easy to Install
- o Comprehensive
